

Utah Farm Bureau Policy Watch 2009

Volume 35 - Number 2

Week 2 – February 2-6

2009 Utah Legislative Session Weekly Update # 2

This week started out with a bang with the legislature attempting again to get the 2009 budget numbers in line.

Several bills have moved forward and a couple of them are through both houses and awaiting enrollment. I don't know if it is because of the one week delay for the celebration of Civil Rights Day (voted on in the November election) or not however, I don't believe I have ever seen a first two weeks that are this action packed.

Farm Bureau continues to track some 60 plus bills related to agriculture and rural Utah. It looks as though it will be a long and wild ride again this year as we continue to fight for the protections deserved by the rural parts of the state.

The Policy Watch is sent weekly to members at the end of the calendar week. Should you wish to receive the report electronically please contact Brenda Barnes at 801-233-3040 or Brenda.barnes@fbfs.com.

Legislative Action Legend

House or Senate to standing committee – The Rules Committee recommends to the presiding officer of the standing committee to which the bill should be referred. The standing committee, in an open meeting, reviews the bill and receives public testimony. The committee may amend, hold, table, substitute, or make a favorable recommendation on the bill.

Passed Committee – The bill has been heard and has been sent back to the house it came from to be heard on the floor and voted on. The bill will then be forwarded onto the other body to follow the same similar process.

House or Senate Reading Calendars – The bill is on the board to be heard for the second or third time and then either referred to Governor for signature or sent to the other house for consideration. Bills in the Senate are heard for the second and third time before passing the body. Bills in the House are heard first to be read in, secondly after they come back from committee and then a third time before they go to the other body. The third time is when they are voted on while on the floor. Debate is heard and discussion is had prior to action being taken on the bill.

Circled- Action taken when there is potentially debate on a bill or not enough votes to pass. The bill is essentially frozen until the sponsor moves to un-circle and take further action.

Sent to Rules Committee – After a bill is heard in committee it is sent to the rules committee to determine when it will be put on the board and sent to the floor to be heard.

Passed awaiting enrollment – Bill passes and awaiting the signature of the governor and to be enrolled into law.

Consent Calendar – Calendar on the floor where a bill is passed through committee with no opposition. Bills on the consent calendar do not require a debate on the floor. They are voted on based on a committee recommendation and then passed to the other house for further consideration.

HOW AN IDEA BECOMES A LAW

- **An Idea Is Developed.** A legislator draws from numerous sources in deciding what should be introduced in the Legislature as a bill. Major sources of ideas come from constituents, government agencies, special interest groups, lobbyists, the Governor, and the legislator.
- **The Bill is Drafted.** The idea is submitted to the Office of Legislative Research and General Counsel, a nonpartisan legislative staff office, in the form of a bill request. The assigned bill drafting attorney reviews existing law, researches the issues, and prepares the bill in proper technical form. The bill is given a number. A fiscal review is conducted and a "Fiscal Note" is attached. The bill is also reviewed for statutory or constitutional concerns.
- **The Bill is Introduced.** The bill is introduced into the Legislature and referred to the Rules Committee.
- **The Bill Receives Standing Committee Review and Public Input.** The Rules Committee recommends to the presiding officer the standing committee to which the bill should be referred. The standing committee, in an open meeting, reviews the bill and receives public testimony. The committee may amend, hold, table, substitute, or make a favorable recommendation on the bill.

- **The Bill Is Returned to the Floor.** Following the committee hearing the bill is returned to the full house with a committee report. The committee reports the bill out favorably, favorably with amendments, substituted, or that the bill has been tabled.
- **The Bill is Debated in Open Session.** The bill is debated in open session. During floor debate, the bill can be amended or substituted. It can be held (circled). In order for a bill to pass the House of Representatives, it must receive at least 38 votes. The bill must receive at least 15 votes in the Senate in order to pass.
- **The Bill Passes Both Houses in the Legislature.** After the bill has gone through both houses, it is signed by both presiding officers (the Senate President and the Speaker of the House).
- **The Bill is Prepared for the Governor's Action.** The Office of Legislative Research and General Counsel prepares the bill in final form. This is called the "enrolled" bill.
- **The Bill Receives the Governor's Action.** The enrolled bill is sent to the Governor for his action. He can either sign the bill, veto it, or allow it become law without his signature.
- **The Bill Becomes Effective.** A bill enacted by the Legislature is effective 60 days following adjournment, unless another date is specified in the bill.
